

Dear Sir or Madam,

I am writing to recommend Sarvesh as a candidate for the position of Software Engineering Intern at your company. I have known Sarvesh for two months and have worked with him in the capacity of Engineering Intern – GROHE MENA LIXIL Student Program

Sarvesh is an excellent candidate for this position because he has proven himself to be one of the most skilled coders in his field, he is able to think outside the box and come up with innovative solutions to complex problems, and he is dedicated and hardworking. He takes initiative when needed but also knows when it's time to go back to the drawing board. He has impressed me with his coding skills, ability to think outside the box, engineering, circuit designing and other related skills.

Sarvesh is an excellent fit for this position, and he would be an asset to your team because he has all of the skills required for success in this role, but also because he's friendly and easygoing—two qualities that go a long way in any workplace!

I invite you to contact me at Vladimir.rabotyagov@lixil.com if you have any questions about my recommendation or if you would like more information about Sarvesh's qualifications.
